

MEETING REPORT

Group 10 - ElectroSpaceX

Date of Meeting: 09/05/2022

Start Time: 18:00 **End Time:** 20:30

Meeting Location: Online

Moderator: Gejsi Dervishi

Recorder: Kevin Mamaj

Other Members Present: Irklida Voci
Mario Cikalleshi
Fatbardha Shahollari
Jurgen Cela

Members Absent: -

Topics Discussed:

- Topics discussed were related to the continuation of UML diagrams, such as Activity, State and Swimlane diagrams. We discussed on how to correctly implement the requirements and use-cases of the software into UML diagrams.

Decisions Made:

- Completing Activity Diagrams by 13th May.
- Completing State Diagrams by 13th May.
- Completing Swimlane Diagrams by 13th May.

Tasks Assigned:

- Irklida Voci and Fatbardha Shahollari will take care of activity diagrams, which show the flow of control of the software.
- Gejsi Dervishi and Kevin Mamaj will be responsible for completing State Diagrams, which show the transition among states of the software.
- Mario Cikalleshi and Jurgen Cela will be responsible for completing Swimlane Diagrams, according to activity diagrams of the system.

Time, Place, and Agenda for Next Meeting:

Since next week according to the timetable is the Midterm exams week, we will do no meetings and totally focus on the Midterm exam's successful completion.
